

# Classic car trade for landscape project (Limington)

Location **Maine**  
<https://www.genclassifieds.com/x-510063-z>

I want someone to finish my back yard. Approx 1/3 acre that I cleared and pulled stumps from. I need someone to finish pulling rocks , roots. and some smaller stumps that i missed. I want the lot graded, and low spots filled with gravel and topsoil that you provide. there are a few more tress that I can drop, but want the stumps pulled and area graded. I basically need the lot ready for a large garden and lawn. For doing this job, i will give you a 1968 Ford LTD 2dr hardtop. 390 big block, automatic, runs and drives. Only has 35k original miles. Frame and floors are solid. Needs trunk pan put in(which i have) and body work. Car is a great resto project and very cool, but I dont have time right now to finish, and I need my yard.
