My name is Eddie I was involved in an accident on Saturday June 13 2015 around 7pm at the intersection of cole and ustick... My car is a 1986 black mustang, I was hit by a black SUV. The black SUV left the scene, hit and run.. I'm injured and my car has over 3k worth of damage.. If anyone seen anything or maybe has the license number or anything that may help me I would be..
