

Vintage 1996 Klein Quantum II Mens Road Bike with full 600 Ultegra ST (725 USD)

Location **Minnesota**
<https://www.genclassifieds.com/x-510133-z>

It's stiff, responsive, and great for cornering and sprinting. Rides like a champ. Legendary build. Teal / Blue fade, beautiful paint. Internal cable routing and aluminum gradient tubing and sealing bottom bracket that were revolutionary then and still valued today. Carbon fork. Frame 2.7 lbs.

As a Klein bicycle enthusiast, I am selling this to make room in my garage (I have several Kleins) can't justify them all. I am 5'10" and it fits me perfect.

Updated wheelset to include lightweight Mavic Cosmos wheelset and Continental Ultra GatorSkin tires! Tiny scratches on frame only. Great condition considering the Klein road bike is about to celebrate a 20th birthday!

"A Klein bike takes 21 painstaking days to build and about 21 blazing seconds to appreciate," as stated in the 1996 Klein catalog here: <http://www.vintage-trek.com/Trek-Fisher-Klein-Lemond/1996klein.pdf>

Serial #5310196 means it was made in Jan 1996 (before Pre-Trek production when quality declined).

Local buyers only. Cash only. Call RJ in Minneapolis
