\$0 Cash at Signing (all taxes and fees included) ~ 39-month lease with 15k miles per year** \$299 per month!***

\$2000 Cash at Signing (all taxes and fees included) ~ 24-month lease with 10k miles per year** \$199 per month!***

\$2000 Cash at Signing (all taxes and fees included) ~ 24-month lease with 15k miles per year** \$229 per month!***

Purchase payments; \$0 Down + 72months x \$407*** per month.

Clearly leasing is a great financial option for most people which is why so many financial professionals and large and small companies lease instead of purchase. The above quoted leases includes 10,000 and 15,000 miles per year. Increased mileage slightly increases the payment but regardless how many miles you drive up to 18k a year, we have an attractive lease for you!

Some highlights of leasing:

1. Lower payments
2. Warranty coverage 3yr/36k mile bumper to bumper, 5yr/100k mile Powertrain, 5yr/100k Roadside Assistance, 5yr/100k Free Loaner Vehicle during service, 2yr/24k mile scheduled maintenance which includes FREE oil changes, tire rotations and inspection. You can purchase extended bumper to bumper warranties that will last throughout your lease.
3. Financial Protection At lease end, you have three options available to ensure financial protection: 1.

Return to GM - Cost \$0, 2. Buy-out vehicle for predetermined price (some folks actually use this option because Main Motor offers a higher price as a trade-in value) or 3. Buyout vehicle to keep. Regardless which option you choose, you are protected from fluctuations in the car market.

4. Lower cost per mile than purchasing. (You can buy as many miles as you anticipate needing at lease signing. Any overage of miles are charged at \$0.25 per mile. Depreciation when you own this type of vehicle averages \$0.28-\$0.36 per mile so you save money on mileage.

5. Vast incentives. Chevy generally has incentives to help you get into a lease and to re-lease new vehicles. For example, if you currently lease a Chevy, we have up to \$3000 available to cover your last 4 payments to pull you into a new lease now.

6. Get out of vehicle debt! If you owe more than your vehicle is worth, you can move that debt into your lease. At lease end, your debt is gone because you owe nothing.

7. Normal wear and tear is acceptable. We have pre-lease protection plans in case of excess wear and tear. You should discuss this with our finance manager at time of lease.

If you have any questions, would like to run lease numbers on a particular vehicle or would like to schedule a time to come take a look at this or other vehicles, please text or call me. 763-232-9749. I am always happy to answer generalized questions about leasing. Leasing has some new features and you are not alone in your lack of knowledge about them. I'm here to help!

*Discount includes all available public rebates and programs. Specific trade or lease turn in required.

**You can have additional miles added at a very affordable rate before signing. Post lease mileage charge is \$.25 per mile, which is lower than the average depreciation (loss of value) for a purchased vehicle. Text me to ask for prices for higher mileage leases

***On Approved Credit. All payments listed require excellent credit history. Lower credit scores result in higher payments and/or denial by the bank. If you wish to be pre-approved based on your credit, you will need to complete our online credit application but you must text me your complete name. I will then instruct you on completing your credit app. To apply, please text me at 763-232-9749

Call, text, email or stop by and visit Dave at Main Motor of Anoka for top notch, long lasting service. Many of my friends and customers call me their "car guy" and you can too! I do not use "high-pressure sales" techniques. My philosophy is simple: If I have the right vehicle for you at the right price, you will buy that vehicle.

Get updated on our fresh trades and great deals: www.Facebook.com/DaveAtMain

Main Motor has been a staple in Anoka since 1919 and has been family owned and operated ever since. At Main Motor we see vehicle sales as "Friends Helping Friends". We are also a commission-free full service dealership offering a great service department and body shop.
