Spencer Technologies is currently looking for Independents Technicians or Sub-Contracting Companies in the area. We are interested in those that would consider Partnering with Spencer Technologies to fulfill client service calls and work orders.

Spencer Technologies is the leading provider of network design, infrastructure installation, technology deployment, system maintenance and strategic consulting service for all technology systems that serve the retail industry and other multi-site organizations. Spencer Technologies supports an extensive clientele of major corporations in the retail market -- from specialty stores and department stores to DIY and restaurants. We set the standard for experience, technical expertise, unparalleled customer service and reliability.

- Configure/Stage/Depot Services
- POS/Infrastructure Services
- Rollout & Development Services
- On-Site & Break Fix Maintenance
- Voice/Data/Video Cable Installation
- Telephony/Converged Systems

Spencer Technologies offers a great opportunity to pick up service calls and work orders normally only available to larger multi-tech companies. Spencer Certified Partner technicians are often the first called when outsourcing work that the Spencer Technician is not available to cover. Spencer eliminates use of platform sites

Anyone interested in becoming a Spencer Certified Partner should submit the following information along with a PDF of their resume by email.
