A weight loss e-book written by a transgender? Why not?! This way it may appeal to females, males and Every-Body in between!

Are you a eating robot?

Do you sleep to manage your qweight?

What are the 3B's?

And the 3S's?

Or the 4D's?

And what is "the French trick?

Or how to arrange your place/room/house so you won't eat too much?

You can learn all that and then some more - actually 130 plus weight loss tips, some motivation and so called thin-spiration - in this little e-book of more than 6 700 words.

Several pictures (including of me) are included.

And while some of it surely won't be a weight-loss breakthrough, you will have all these 130+ tips, advices and diet rants with a few little jokes sprinkled around in your e-reader, always ready to be pulled out for a constant reminder and, hopefully, inspiration/thinspiration.

Thank you for the consideration!
