

Nomadic Trade Show Pop Up Display 8 x 10 w Two Transport Cases (450 USD)

Location

North Carolina

<https://www.genclassifieds.com/x-510347-z>

Be ready for your Fall Trade Shows. Offered here is a top of the line Pop Up Display by Nomadic. This display comes with the two cases that can strap together and roll as a single unit. One case holds your graphics, the other holds the structure (and halogen lights)

This has four panels with magnetic strips. Two of the panels are grey carpet for Velcro displays. The other two are photographic murals specific to my usage. These will need to be replaced (I have a company I can refer you to that does good, affordable work). I also have blue and black carpeted side panels that I used interchangeably depending on color scheme of mural, and the hanging hardware of the two photo murals, but the murals aren't part of the package.

The unit has the original manual. Purchased in 1997 and used twice/yr for the next 10 years, then maybe 5 times after that. Unit is in great shape, case has been shipped numerous times so has some shipping wear, but contents inside are well.
