

WhiteRed Tabby Male (Imperial)

Location **Missouri**
<https://www.genclassifieds.com/x-510411-z>

Rehoming my 4yo Male cat. He is neutered, has had his shots, is microchipped, and is great with kids. He doesn't mind dogs, as long as they don't come after him. He is very lazy, and loves curling up in the bathroom sink or behind the couch. He is vocal and often meows to say hello when I walk into the room. He likes drinking out of the sink faucet instead of from a bowl for some reason, that's how he was when we adopted him. He was called "Gilbert" so that is what we have been calling him. He is an indoor cat, however he does like to run around outside. Unfortunately, that isn't safe around here with cars always going by and stray cats trying to fight him. He can be quite a cuddlebug when he wants to be, but he also likes to be off on his own. Looking for a safe, loving home for him. \$20 rehoming fee, will come with the paperwork we have on him about his shots & microchip, and some food. Please text or email any time if you are interested in giving this pretty boy a great home.
