You are ridiculously lost! Is all you read and learn limited to one source??

Muslims didn't fight against England for thr independence of USA simply because they weren't here at the time. Have you fought the British lol?? You weren't here either.

Bombing and killing over here was done by more "Christians" than "Muslims", regardless of their race or religion, those who committed such crimes deserve to burn in hell.

Who slaughtered more than 5 million Jews in Europe?? How many millions died in world wars and who killed them? Who did the Oklahoma bombing? Who assassinated Kennedy? Who killed Dr Martin LK? Who molests children in schools and churches? Who is right here preaching for hatred?? Who elected Obama, TWICE???????

My next posting, I will add a few links for you to read and get some enlightenment, only about domestic crimes, rape, molesting, kidnap...etc, with statistics by.
