Looking for a Production Sound Mixer/Boom Op for a low budget feature film for 15-16 days here in Las Vegas. Students are welcome. Please have gear and resume/reel.

There is some up front cash, but it will mostly be a deferred gig. It's going to be a fun ride, with a great team working to make something of quality that we can all be proud of. If you value that and connect to the story, that's what we are looking for. Script is available to read.

Thank!
