

Lakes Area Turf Services Irrigation SystemsTrencherTractor for hire (Detroit Lakes)

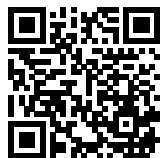

Location **North Dakota**
<https://www.genclassifieds.com/x-510791-z>

Hello,
 Lakes Area Turf Services is a very versatile small business that specializes in Irrigation system installation, repair and maintenance while also specializing in custom trenching, vibratory plowing, and boring of different underground utilities. These include but are not limited to installing pipe, wire, and drain tile to different areas of your yard much cheaper than other companies. I also own a John Deere compact utility with 45hp and many different attachments. Attachments include, landscape rake, back blade, 72" tiller, aerator, pallet forks and a loader bucket. Services include anything from tilling your garden to moving dirt around your yard or unloading or moving pallets around for you. I also have a 60" pto driven aerator attachment that I can aerate large areas for you. I have both construction tires and turf friendly tires so I can do virtually anything for you. Let me know what you have in mind and I can give you an estimate as to what it will cost. **VERY AFFORDABLE AND OVER 15 YEARS EXPERIENCE!!!**
 I look forward to hearing from you,
