I'm wondering if there is any one who could borrow me 4000.00.
 I am willing to pay interest and sign a contact.
 Only looking for short term maybe two months if that.
 I'm a single mom of three I do have a fiance so no sexual favors this will be strictly on paper.
 We both have good jobs but we pay a high amount in rent utilities water sewer and garbage and so what we are looking for is to lower our bills by getting a mobile home.
 I'd go to the bank and get a loan but I have one thing that I'm working on hanging over my head that is preventing me from doing so.
 I'm an honest person and don't receive state assistance and just trying to lower my cist of living for the time being.
 I wouldn't be asking but I have a big heart and helped a single mom get into a bigger house with her to boys and also a single dad get into a bigger place they at the moment don't have the funds to give me my money back. They make payments the one I helped was with 2000.00 and the other one was with 550.
 So I wouldn't need help but they can't help me right now.
 I honestly didn't think this deal would land in my lap as fast as it did but it did and I'd like to take advantage of it if I can come up with the funds.
 I do have things for sale to lower the amount I need but at this moment this is what I need.
 Please if u can help my family get out of paying 2800 a month and down to paying like 900 a month I'd be for ever grateful I have until the 22 to come up with the money I need. I have references I will let u verify my job I will show u all my proofs of income and I'll even let u call the people I helped.
 I will pay interest and will have paid off by sept 20th if that.
 Please I'm begging as this will put us one step closer to buying a house.
 Thanks for any help you can help with.
 I am not looking for pay day loans I'm not looking for out of the country loans or any other scam type loans simply looking for a local.
