I have a heavy duty All Steel Enclosed Vintage Army trailer 5x8 with 3500lb axles and leaf springs all steel. It has hooks on the outside for hanging ladders etc, shelves on the inside, AND it also has windows. This heavy duty trailer could be used as a concession trailer or converter into just about anything you needed it to be. It is single axle good tires. It's a one of a kind.

Don't hesitate it won't last long.....

I am selling it because I've bought a larger enclosed trailer.

This is a great trailer for the money.
