I am looking for a black and creme/white FEMALE German shepherd puppy. I can assure you she will be going to a great home. I am sixteen and we lost my dad in April. We just moved into a new home and now that we are settled I am looking to get a puppy to occupy my time. After the sudden loss of my dad, I don't want to go back to working and need something to do this summer. We do not have any dogs, one of my dads friends adopted his dog after he passed because it would be too hard for us to keep him. I would love to adopt a German shepherd puppy however we don't exactly have a lot of money right now, so I'm trying not to spend over \$200...if you have a Black and creme/white female (PUREBRED) for around my price range, please contact me at 405-eight30-1zero43

Thank!
