

Lost female cats (S Okc)

Location **Oklahoma**
<https://www.genclassifieds.com/x-511018-z>

Lost near sw 66th and Santa fe area. Both snuck out while we were out of the house, they are not use to being outdoors.

One female is a short haired tortie with big gold eyes.
 The other is also tortie with a longer coat, gold eyes and bushy tail- she also has two kittens at home.

Please contact me at any time, they are dearly missed and we are very worried about.
