I have a black lab mix puppy that I need to rehome. He will be 1 in August. He is UTD on shots, neutered, good with small kids, and other dogs. I don't know about cats. He is house broke and crate trained. He will come with whatever is left of his food, collar, leash, and his dog bed. Asking \$50 to cover some vet bills and to ensure he goes to a good home. SERIOUS INQUIRES ONLY. If you cant do \$50 we can discuss the rehoming.
