Hi, I am needing someone to come help me clean my apt and help me pack my things. Duties will include laundry and folding clothes along with some basic cleaning.

You will need your own cleaning supplies and bring big boxes to pack in along with packing tape. I have a vacuum that can be used.

I can reimburse you for the packing supplies as long as you bring the receipt.

I have two dogs so you must be ok with that.

I am willing to pay 50 dollars for the whole job and would like it done asap. Either today, tomorrow after 5 or Thursday before 5.

Must be.
