I am an experienced photographer that likes to shoot imagery outside when possible. I am looking for a female or couple that wish to try some creative stuff. I have several ideas kicking around that I want to try depending on your look, etc. A little retro, goth, tattooed, whatever might work. I kind of want to shoot a female with large funky looking glasses as well. Whatever works actually.

I can send references to my work on the web and references to others I have worked with extensively. If you are female and wish a chaperone, I am ok with that as long as we shoot in a public place. Always concerned for my safety as well as those as I am working with.

You must be over 18 and this is a TFP situation. You get images for your personal use. There is no exchange of funds.
