These girls are looking for their forever home. They were born April 8, 2015. Their tails have been docked, dew claws removed, 1st shots, and de-wormed. Dad weighed just under 4lbs, and mom just under 7lbs. Dad is registered, but mom is not because we bought her over seas. We are in the process of trying to get her tested to register her in the states.

They are such a sweet group of girls with such different personalities! Now, we have named them all, but that was only for our own effort of keeping track of who was who. (I don't like calling them, red, pink, or blue by collar.) Please understand that we have not in any way or form tried to teach them their names, so whatever name you choose they will be able to learn.

1.First we have Koko, short for Kohana - Hawaiian for little flower. She was the first to open her eyes and well, just about everything. She is a little spit fire and full of energy! She keeps us laughing and on our toes. Estimated to weigh 5 - 6lbs Re homing fee: \$500

2.Next we have Kiki, short for Suki - Japanese for Little princess. She is the biggest of them all. She is also your typical playful energetic puppy, but she also likes her quiet time. It's like she can't decide if she wants to be wild and crazy or a lap dog. Estimated to weigh 5.5 - 6.5 lbs Re homing fee: \$500

3.Then we have Bel - short for Belita, Spanish for little beauty. She is the smallest of the babies. While she has her moments where she definitely loves to play, there is no doubt she is our little lap dog of the litter. Estimated to weigh 4.5 - 5.5 lbs Re homing fee: \$600

These girls are so sweet and like to be family so we want to make sure that they go to a home where they will be very happy and loved and well taken care of.

PLEASE BE AWARE I have never had a bad experience myself, but have read that yorkies are not good breeds for small children. Do your research on any breed before adopting one into your family to see if it could be a right fit for you.
