Beautiful Log Home in the Green Mountains of Vermont. Dogs will love the country air, walks in the woods, chase a chipmunk and then get laughed at from the tree for the unsuccessful attempt. Oh, and YOU can come too! Enjoy the privacy of 17 acres of woods and fields with rural views. Spring is in bloom and the birds are singing about it. The house accommodates up to 10 people, 3 very unique bathrooms, a covered porch on two sides of the house, a large slate patio with BBQ and stone benches for cook outs. There is even a Romeo and Juliet balcony on the second floor Master bedroom that you can survey the morning from, or listen to the Great Horned Owls from in the evening. The kitchen is fully appointed and ready for preparation of a quick snack or a delicious feast. Besides the Master bedroom with it's own private bathroom, there is a second bedroom that would be perfect for another couple or a bunch of kids. Two single beds, one in the loft (which kids LOVE) and a double bed. There is also a sunny window in the upstairs lounge that is ideal for snuggling up to a good book. Should you need a third or fourth bedroom, there is one downstairs with one double bed and another with one double and one single bed. After a day of activity or relaxation you can enjoy a glass of wine in front of the most unique fireplace you have ever seen! \$180 per night, weekly rate is \$950 for 7 nights. The cabin is very artistic with natural wood elements all over, cupboards, patio, porches, stairs inside and out and surrounding landscape is not safe for young children.
