

Does your crawl space need cleaning and insulation (Puget Sound)

Location **Washington**
<https://www.genclassifieds.com/x-511402-z>

We do the following plus more:

We remove insulation and debris, sweep ledges and vapor barrier. Then we check for access points for rodents, inspect for insect and rot damages and do the necessary repairs. Additionally we inspect water lines and HVAC etc., spray disinfectant and deodorizer, install new vapor barrier and insulation.

Good prices, Great quality of work, we enjoy our job and customers, Trustworthy! I'm a General Contractor with over 30 years in the construction industry.

Rodent, water and structural damage repairs done with confidence.
