

Full Wedding Photography Coverage

Location **Washington**
<https://www.genclassifieds.com/x-511422-z>

We are looking for 1-3 FULL wedding to cover for an assignment and portfolio building project.

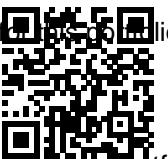

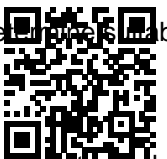

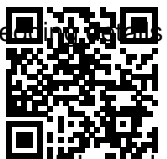

- Must be a FULL Wedding (Rehearsal Dinner, Bridal/Groom Prep, Ceremony, Formals, Cocktail Hour/Reception)...
- Must be in a suitable location that will lend itself to a portfolio (Not necessarily big budget... but definitely nice)
- Must grant full model release for photos to be used in portfolio
- May consider some smaller ceremonies on a case by case basis... respond with details and number for consideration.

If you think you are creating a beautiful wedding... in a beautiful setting... this is your chance to save a HUGE amount of money getting it documented by someone who has trained with some of the best in the industry and assist a student in creating a winning portfolio.

This is valued at \$2500+... not the typical "shoot and burn" work seen here on Craigslist (some of those guys are good but they are either not going to make it or live very poorly).

The coverage is free (2 photographers) but the photos (Packages) will range from \$250+ to whatever you want to spend on prints, albums, etc... But they will be at a HUGE (40-60%) discount from some of the finest print and album makers in the world. Again... if you want a low service "shoot and burner"... this is NOT for you... It's not a fully delivered image until it's been professionally edited and in your hands, an album, or hanging on your walls (look at any legitimate wedding photographers site and you'll see this... they START at \$2500+).... But don't worry...

You will get all digital images of your selected prints at no additional charge. Select Audio and Video coverage will also be captured (Vows, Toasts, Etc...) and made available, as well as your own shareable gallery app (iPhone/Pad/Android/Etc..) featuring your favorite images.

This is a 1-2 hour time commitment subject to change. We are looking for 1-3 FULL wedding to cover for an assignment and portfolio building project.

The wedding will take place between July 6th - July 10th.

We will meet with you to discuss your wedding and expectations and desired style of photography. There is no portfolio to show you... that's why this is free... Why your saving thousands of dollars... and helping aspiring photographers rise above the lower ranks of typical photographers who do not deliver this level of photography.

Please reply with a phone number to contact you... time is short and we will not waste any with email responses (First come... First served... Only 1-3 weddings will be contracted). I would rather quickly determine if we are a good fit and let you check photographs of your past of work(some.)
