Hello there. I have the most friendliest doe. Her name is Lucy Goat she loves people, children, pets and farm animals of all kinds. She walks like a well behaved dog on a leash. She is about 3 months and would like her to go somewhere she will be loved but also use her for breeding and milking. She listens as well as a child:) but shes a great baby goat, wasnt planning on saleing her but as times are tough i dont have time that she needs. Please if you like eating goats thats cool but please this one should not get eaten she has more to offer then that. If you are one of those people please dont inquire about her.

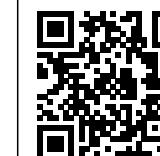

I also have 2 other goats,these two can go with lucy goat for free or if someone wants these two free to good home only. They are just pets but these two free roam but are fence trained. one is a weather about 6 he has papers. I have another she is around 6 also she was a rescue goat. friendly reminds me of a dear. she is shy but will warm but with a soft hand.

thank you if you have any questions please contact me. Thank.
