Hello! We have a rat cage we bought from pets mart a couple months ago. We had a rat in it for a week, my husband decided he wanted a couple more rats so he bought a larger cage. It will come with everything but the food and bedding and water bottle. It was \$100 at pets mart. And we are asking \$50 for it. If you are interested in it you may e-mail me or text me. 425-786-four 977 !
