So im gonna try this again, I had already posted him but I broke my phone and lost my info and email so I had to create a new one, hes a 2 and a half year old German Rottweiler, hes nurtured, 100% potty trained and wont chew, scratch or get on any furniture, he is grate with kids I have a 1 year old daughter that hes extremely gentle with, and he loves beeing outdoors aswell, he can be a grate guard dog aswell he barks when.hes outside and someone is too close but he wont bite, he also dosnt bark inside, he can sit, lay, shake and stay. It hurts me to rehome him but my living situation has drastically changed and hes getting no attention were hes living now since my apartments dont accept dogs, HE NEEDS TO BE AN ONLY DOG, he dose.grate in the dog park and.on walks with other dogs but at home hes protective with his toys and bed only with other dogs though he has no problem with kids or adults grabbing them. His rehoming fee is 450 please only serious people and.pictures of his future living area are requiered I love this dog and Im sure you will too, I have vet records and a.dog house I built him ill give you for free if youd.
