What a great time of year for the kids to get a new pup. They will have all summer to bond and train them. We have some older pups that need homes and are partially trained already. We have 3 standard size aussies : a black and white male, a pure white male with a black tri head and a rare cream and white female. There is one mini aussie black and white female. These dogs are well socialized with kids and other dogs. They are from registered parents, health guaranteed, shots and wormed. Call to set a time to meet the pups and parents. Fee \$ 500 and.
