Please help adopt or foster this amazing dog!
Please help us.

This beautiful dog was found starving and abused and brought back to life by a kind single mom in Southern CA. But she works long hours and cannot give the dog a real life. If she surrenders him to a shelter in LA he will be killed within days.

Please help us find him a home here in Washington.

As soon as we find a good home or foster she will drive him all the way up to Washington.

He needs a yard, exercise, and a stable loving owner. He is very loving and sweet, walks well on a leash, vaccinated, neutered and is now very healthy. Loves to play with other dogs (with proper introductions of course). For now he cannot eat near other dogs because he was starved and he protects his food.

Please help us - adopt him or long term foster. She will take him back if it does not work out.

Please - he has no chance in California of being adopted and by no chance I mean none. We need to give this dear dog a home. It is a miracle he is alive please give him the miracle of a real home.

He is a strong sweet beautiful dog. Please his amazing before and after photos and contact for more info.
