Bass Player looking to get back into playing some Rock, Classic Rock with garage band, cellar dwellers Etc... Played for about 4/5 yrs. steady, then took some time off, now looking to get into it again. Not a Pro Player but I do extremely well for self taught.. I have a huge list of songs that I had learned for other bands and myself prior to taking time off, maybe some of what your already playing or would like to play, list avaliable upon request, also would like to learn new material and would like to eventually gig when ready, have pro gear, no attitude, no drugs, social booze .. And transportation..
