I am a 24 year old vocalist looking for a band to play with. I live in Irmo and its damn near impossible to find high caliber musicians in this town to work with and who actually take writing music seriously. Vocals have always been a passion of mine and I have a pretty freakish range. I can sing anything from Alter Bridge all the way to Whitechapel, I can nail any and all of Periphery's vocals(I am a huge Spencer Sotelo fan.) I can sing cleanly like Memphis May Fire, and Periphery just to name a few. I can sing with a rasp and add that chunky aggressive tone like Godsmack, Pantera, or Slipknot. I can sing classic rock/metal like Judas Priest, Motley Crue, Journey, or Def Leppard. I can scream with my range going from Chelsea Grin style high's to Whitechapel's crushing lows. I like to practice my vocals by singing Adele songs because her range is pretty amazing. I am looking for any talented musicians who would like to form a hard rock or metal band preferably something like Pantera and Alter Bridge had a baby and that baby had a baby with Periphery thus forming the greatest band on planet earth! I am willing to do vocals for just about anything because I really miss writing music but I would prefer much heavier tunes. If anyone or band thinks I am worthy then by all means please contact me and we can get this ball rolling on writing some killer!!!
