Im getting out of the lawn care business because i have 2 other businesses and i just dont have the time to do all of them anymore. Great money, youll only have to work about a total of 5 days a month. These customers pay like clock work and have been with me for 3 years. You must have a zero turn mower. Im selling these yards, im not hiring someone to work. Total gross income is about 1500.00. Great opportunity for anyone wanting to make extra.
