My name is Meg and I am 19 years old. I am looking to nanny this summer. I go to college at UWM for special education. I have been babysitting since I was 12. This summer I spent about twelve hours a week with a man with autism. I am also a job coach for a woman with autism. I started a group in high school that takes kids with special needs to sporting events so their parents don't have to go with them. I TA'd for special ed classrooms throughout my high school experience. I am more than willing to negotiate pay but depending on how many children I would say around \$10 an hour. I am comfortable with all pets, I have no allergies. I am a certified life guard and in CPR. I will have a vehicle this summer. I can cook and do mundane house tasks. I love working with kids and hope to do it in my future career, I hope to hear from you soon!

Best,
Meg
