I am rehoming the sweetest male pit bull mix you've ever met. He's a year old, neutered, housetrained, very submissive, up to date on his shots, and great with other dogs and kids. He is untested with cats but I don't see him having any issues with them as he's so gentle. He's not a hyper dog for his age and is perfectly content to lay on the floor at your feet with a bone. He loves to cuddle. I'm asking \$150 as a rehoming.
