Hello,

My name is Bianca. I am a certified personal care worker with experience in dealing with the elderly as well as the mentally unstable. I am available to assist someone, in their home, with their daily living activities (bathing, eating, dressing, etc. if necessary) I will also prepare meals, provide light housekeeping, assist with med reminders, and help schedule doctor or various other appointments. If the person is able to walk exercise will be encouraged.

If you or your loved one are in need of my services, please contact me ASAP at If you would like me to contact you right away, it would be best to leave a phone number, otherwise I will reply to the email. Emails are forwarded to my phone and will be received immediately after sending. Thanks so much for taking the time to read my ad. I hope to hear from you!
