Wanted hot rod hobby mechanic (MILW)

Location **Wisconsin** https://www.genclassifieds.com/x-511829-z

Hi

Looking for either a mechanic or helper for hot rod truck business. Currently I have several 1955 chevy trucks that could use attention. And several convertible Blazers.

These are mostly rust free southern vehicles. That I have been collecting.

Right now it is a hobby....but doing well and thinking of making it into a business.

Just looking for someone with a good attitude (young or old) who wants to work...learn old trucks /cars and make a few bucks having fun.

Email me if your interested in this hobby / business.

Mark
