Come explore your creative side at Fulton Hill Studios!

Now leasing creative office space for artists, sculptors, creative office teams, and others who appreciate a quiet Zen-like atmosphere; 900-1400 square feet available, which includes fenced parking, a host of amenities, in a glorious park-like setting.

Originally built in 1916 as the Robert Fulton School, this 45,000 square foot building was renovated in 1999 and sits on 5 landscaped and wooded acres.

With its huge banks of mullioned windows (each 8 feet by 40 inches) and completely restored heart pine floors, the 32 original classrooms have been transformed into an eclectic mix of more than 50 artist's studios and office spaces for photographers, marketing companies and other businesses, including Fulton Hill Properties.

This community has become an enclave for our artists in residence, and we have some limited openings for creative office space.

Fulton Hill Studios currently has offices available which can be subdivided, or conjoined, in addition to a creative office space. Call or email us for a tour today of this magnificent historic gem in the heart of an up and coming urban community.
