WE HAVE THE TOOLS & EXPERIENCE.

Muay Thai Boxing not only teaches you how to fight and defend yourself but is also the perfect martial art to get you in shape. Its develops perfect discipline and tackles stress.

I plan a personalised workout schedule for all my students and give detailed nutritional advice.

My training wont just give you a great workout but it will put the fun back into exercise for you.

I'm happy to offer both group lessons and private; I can go to your home, you can come to my home at 9000ft in altitude, we can hold training sessions at a park or my personal favourite of working out at Red Rocks.

Colorado has 300 days of sunshine a year and that's why I advocate outdoor workouts.

A workout lasts 60 minutes and includes a warm up, stretch, targeted fitness exercises, technique training, weight exercises, full body pad work and a cool down.

Something I always look for is a coach that will train with you not just shout out the exercises and that's what you will get with me.

My name's Tigran; I moved from London to Denver, and I am offering personal training focusing on Muay Thai boxing around the city of Denver. I have 9 years of training under my belt and I'd like to share the great experience I've had with the sport.

Classes are \$40 each in 2015. A free personal health consultation is arranged prior to you beginning workouts.

If you purchase a block of 10 classes you will get a brand new pair of your own personal boxing gloves and wraps.

I am happy to train 2 or 3 people at the same time, if you want to bring friends, for \$25 each person.

I look forward to hearing from you.
