

moving rock, diging up bushes and replanting (scotts valley)

Location **California** https://www.genclassifieds.com/x-512195-z

Able, strong, reliable, sharp, hard working and effecient individuals need only apply. No girl friend or friends invited to be with you. Don't apply if you are ill or unable to pick up at least 50lbs with out wearing out after a minute or so.

I am paying \$10.00 an hour, as a senior that is what I can afford at present. The job is: I need to move some rock and wood piles, dig up some bushes and help me move some things around so you need to be strong.

I need help tomorrow, Thursday around 10:00 I will need a minimum of 3 hours up to six. If we work well together there will be more work and other opportunities in my community to make a better wage. Send information about your self and a phone # and I will get back to you around 9AM tomorrow, maybe this evening... If you are that guy. I live just outside of Scott's Valley, past the Hilton area. Thank you.
