

BOOKING LOCAL MUSICIANS in July (Dragonfly)

Location **California**
<https://www.genclassifieds.com/x-512200-z>

We are looking for local musicians to perform at an event being on July 8th at the Dragonfly!!

This will be a great chance for you to play in front of a good crowd, network with a great group of likeminded musicians, and possibly win cool prizes (Cash, a home recording studio, and so much more!).

Bands who are against selling tickets need not apply since this is a venue, not just a bar, and we need bands to help promote the show so there's a crowd there; however there is NO MINIMUM number of pre-sales required to play! You also won't be financially responsible for the tickets because we don't do pay-to-play.

You could also get a chance to do another show with us like a festival, showcase, and so much more!!!

If you are interested, please submit your name, number, band information and Facebook link to *EMAIL* with "Los Angeles Show" in the subject line.
