LIVING WITH DIABETES IS COMPLICATED

What would you do with FREE time away from some of the daily worries and burden of treating diabetes?

FREEDOM-CVO is a clinical research study investigating an innovative approach to delivering treatment for type 2 Diabetes that doesn't required needles or even pills. This study is now enrolling.

You may be able to partake if you:

- Have been diagnosed with type 2 Diabetes for more than 3 months.
- Are at least 40 years of age and have been diagnosed with a condition related to your heart or blood vessels, or
- Are at least 60 years of age with a risk factor for developing problems with your heart or blood vessels, in addition to your diabetes.

The study of this investigational new drug is expected to last for up to 65 months (5 years and 5 months), and you will receive care from a dedicated team of medical staff. There will be up to 14 visits to the study center.

Investigational product, examinations, and medical care relating to the study will be provided at no cost to you.

If you would like to help us in our research to develop a diabetes treatment that has the potential to be simpler and more convenient, please contact:
