

6 week old calico kittens (Denver)

Location **Colorado**
<https://www.genclassifieds.com/x-512252-z>

We have two female kittens and one male calico kitten. I want my kittens to go in a home that is loving and caring! There is an adoption fee to make sure my kitty's go to a home that can afford to take care of them! The adoption fee for the two female calico kittens are \$60 each kitten. The male calico kitten adoption fee is \$85! Male calico kittens are very rare and he is beautiful! All three of my kittens are beautiful love to play and love to cuddle! The reason my adoption fee is high is because people will buy my kittens and later can't afford to take care of them or try to resell!
