Selling my TV, brought brand new 2 years ago. Moving overseas at the end of the month so have to sell everything.

In excellent condition, no scratches or marks anywhere to be seen, functions perfectly and never had a problem with it. Can see more details about the TV on the Insignia website (even though this model has been discontinued: <http://www.insigniaproducts.com/products/televisions/NS-39D400NA14.html>). Remote fully functional and included (see picture).

Please email if interested - or if you have further questions/would like to see additional pictures. Am looking to sell within the week, cash only. Thanks.
