

NEEDED Handyman Electrician for Small Shed Job (Elmore amp Dowling Rd)

Location **Alaska**
<https://www.genclassifieds.com/x-512420-z>

I am looking for a handyman electrician to help me wire electric into a small (8 x 16) shed.
I have the Romax, outlets and most all materials you may need.

I am also wanting a quote about what it would take to put in a small wood stove in the same building. I am in the process of insulating and finishing the walls and would plan accordingly to what's needed.

I will be paying you cash.

Thanks!,
