

Install Gutter Screens (Bella Vista)

Location

Arkansas

<https://www.genclassifieds.com/x-512449-z>

Homeowner in Bella Vista needs skilled installer for gutter screens. Must have your own equipment, i.e. ladders,etc. There is approximately 200 feet of existing gutter needing screening installed. I can supply the metal screening so you just need to make the installation.

The highest part of the house is approximately 20 feet off the ground so would need a 25 foot ladder to reach this point.

You must also have liability insurance. Roofers are invited to bid. Can be done anytime and there is no rush.

Leave contact info and I will call you. Thanks and I look forward to talking with you.
