

Blue 97 Geo Metro Hatchback for sale (675 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-512471-z>

I have a 1997 - 5 speed/3 cylinder Geo Metro Hatchback that I am regretably having to sell. This car has been a great car for me but the #2 cylinder has lost compression. I've owned the car since 2010 and I have averaged 40 to 45 mpg with it. It has a \$650.00 auto-start that was installed last fall. I also had a complete tune-up done on it just before I parked it. The car has 234,000 miles on the odometer but the engine was rebuilt at about 199,000 miles. A new muffler was installed on it last September. I'd like to see someone rebuild the 3 cylinder engine in it but they could also use the car for parts. If you are interested in it please call

and ask for.
