I'm searching for a 1920s apartment or master bedroom that looks like a hotel room, for our next short film. Like photo above.

We would film early September (3-4 days) based on your availability.

We are willing to pay \$100-\$200 each day, but need to see the space in photos. It needs to look authentic 1920s-1930s, a master bedroom with a claw-foot tub is ideal!
