

IKEA Leksvik Rectangular Coffee Table (40 USD)

Location **Washington**

We're selling our IKEA Leksvik coffee table (no longer sold by IKEA). It is in good condition, but there are a few scratches, a small place where paint spilled, and water stains on the top (visible in the photos). You could definitely use as is, sand/stain, or paint it.

This is a sturdy wood table and great for storage with six compartments that each measure 11.75" long, 18.25" deep, and 7" high. We are including the two storage baskets for free if you want them. We've used this piece as a coffee table, a plant stand/storage unit to go under a window, and as a tv/media center. The overall table measures 46.5" long, 23" deep, and 20.5" tall.

Cash, pickup.
