Cleaning house a bit... Haven't listened to these much lately (have a stereo tube tuner and lots of SS tuners). They all have a nice warm tube sound and pull in stations well.

Sherwood S 2000. \$80. Works great. All original.

Eico HFT 50. \$80. Also works great and is original.

I want to keep one so whichever one sells 1st the other is off the market.
