Hey there friends,

Me and a buddy are leaving for a small town north of Portland and can take you as far as that. We're gonna relay drivers so it'll be a quick trip.

We plan to leave late tonight (1-2am) so please let us know ASAP (by midnight please). Let us know where you are and we can pick you up.

Zimride says $50-60 is a fair price for gas share but we can negotiate if that's a little steep for you :)

Try both the numbers below and we'll respond quickly!

Peace,

Anthony
