RMG manager Becky Shoemaker admitted she is greatly disturbed and troubled and has significant issues and problems in the workplace. It goes without saying, anyone so involved in perjury and conspiracy is messed up.

Shoemaker claims these problems are because of posting of her illegal and unethical deviant behavior on the Internet. Her father, Donald Lee, sets false claims to honor and integrity from everyone, however he obviously not only overlooks it in his daughter and himself but seems to promote this behavior. He is known for undisclosed tax evasion and physical abuse. Visit [www.liarliarliar.com](http://www.liarliarliar.com) for details.
