SAS ADMINISTRATOR -- HARTFORD, CT

Pinnacle Solutions, Inc. is seeking a highly experienced SAS Administrator as an addition to our elite SAS Consulting Team for one of our Clients - a large Health Insurance company, located in Hartford, CT for a 6 month contract, full-time, with a blended model of on-site/remote. The assignment may be performed mostly from a remote location. The Candidate must be onsite for onboarding and ramp-up for the first two weeks. Then the Client is seeking candidates who would be willing to become their employee at the end of the contract.

NOTE! Candidate - please specify desired HOURLY rate in application questions.

DESCRIPTION & RESPONSIBILITIES

The Candidate will administer SAS software on numerous platforms with the intent of keeping the platform accessible and state-of-the-art for the organization's end users.

The Candidate must have senior level experience administering a multiple tier environment with DEV/TEST/PROD migration. The Client has licenses for several SAS products and solutions and will be looking to acquire additional SAS technologies in the future.

QUALIFICATIONS -- ESSENTIAL

- 7-10 years of experience overall, supporting and implementing SAS BI and analytics software suites.
- 3 --5 years of experience administering SAS solutions in multiple machine, multiple tiered environment.
- Experience installing and configuring SAS software, implementing hotfixes, and software patches.
- Experience monitoring and troubleshooting SAS services.

• Experience with SAS Management Console -- adding identities, defining libraries, setting permissions and access controls, creating metadata folder structures

• Experience migrating SAS solutions with a variety of DAP/AI solutions.

• Competent in Microsoft Office

• Knowledge and Administration of implementing SAS software including:

- Base SAS, SAS/STAT, SAS/GRAPH, SAS/ACCESS
- Enterprise Miner, Model Manager, SAS Decision Manager
- Data Server, Data Integration Studio, Business Rules Manager
- BI Server
- SAS Visual Analytics (non-distributed), SAS Visual Statistics
- SAS Episode Analytics
